TRANSISTOR

LOCATION

Transistor is located in the heart of Porto, between the Jardim de S. Lázaro/Poveiros and Praça da Batalha ([see location](#)). It is integrated into the CCOP Auditorium building, where important names in national and international music have performed, such as Tim, Manel Cruz, Sivert Høyem, The Murder Capital, Filipe Sambado, Jay-Jay Johanson...

OFFER

The offer focuses on music-related products, such as new and used instruments, audio and hi-fi equipment, accessories, records and books, tickets for shows nationwide, complemented by food and beverage services provided by the electrotasca.

SHOP-IN-SHOP

We believe in synergies and intend to create a unique project in the city, unmissable for artists and music lovers. We are interested in providing commercial space to companies that identify with our concept, to offer products related to the music industry, on a consignment basis with commission on sales. If furniture/displays are used, they must be provided by the consignor and approved by us, in order to harmonize the design and atmosphere of the space. All Transistor partners will have special conditions for using the space for product presentation events, training or social gatherings

SOUNDSHOCK

We are interested in housing quality used instruments belonging to artists, bands, or individuals on consignment with a commission on sales. In addition to consignments, we may also be interested in buying used instruments, accessories, or vinyl records.
